Graphics reporter and data visualization specialist with expertise analyzing complex data, uncovering compelling stories, and translating them into clear visuals for broad audiences. Known for strong relationships and high-impact collaboration under deadline.

SELECTED HONORS

2024 NY Press Club Winner, Infographics

2023 Pulitzer Prize-winning series contributor (Capital Assets)

EXPERIENCE

THE WALL STREET JOURNAL

AUG 2022 - PRESENT

Graphics Reporter

- Produced 400+ charts and data visualizations across 150+ published stories, translating complex reporting into clear visual narratives for digital audiences.
- Partnered with 100+ reporters and editors across every newsroom bureau, with frequent collaboration in economics, politics, sports, and business coverage.
- Analyzed and transformed structured datasets into reader-facing graphics that helped millions of readers quickly understand markets, policy, and current events.
- Delivered accurate visuals under fast-moving deadlines, balancing speed, editorial judgment, and design quality.
- Used design and production tools including Adobe Illustrator, data workflows, and newsroom publishing systems.

WORLD RESOURCES INSTITUTE

MARCH 2020 - AUG 2022

Data Visualization Designer

- Built interactive graphics, explainers, and visual stories for climate, econ., and policy research.
- Partnered with researchers and communications teams to analyze data and make findings accessible to broad audiences.
- Led accessibility standards for digital products and publications.

GARTNER

MARCH 2019 - MARCH 2020

Senior Graphic and Visualization Designer

- Designed visual systems and editorial assets across three major B2B software brands.
- Supported cross-functional storytelling, campaigns, and data visualization initiatives.

BOOZ ALLEN HAMILTON

MARCH 2018 - MARCH 2019

Design and Visualization Specialist

- Created dashboards, executive presentations, and analytics visuals for federal agency clients.
- Designed prototypes and user-centered internal tools for large employee audiences.
